**PROXY STATEMENT
FOR THE 2019 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

To Be Held On August 16, 2019

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you these proxy materials because the Board of Directors, or the Board, of Axovant Gene Therapies Ltd., or Axovant, is soliciting your proxy to vote at the 2019 Annual General Meeting of Shareholders, or the Annual Meeting, including at any adjournments or postponements of the Annual Meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may complete, sign and return the enclosed proxy card.

We intend to mail these proxy materials on or about July 16, 2019, to all shareholders of record entitled to vote at the Annual Meeting.

Where and when will the Annual Meeting be held?

The Annual Meeting will be held on Friday, August 16, 2019, at 10:00 a.m. local time at the Offices of Cooley (UK) LLP, Dashwood, 69 Old Broad Street, London, EC2M 1QS, United Kingdom. Directions to the Annual Meeting may be found by visiting <https://www.cooley.com/about/offices/london>. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only shareholders of record at the close of business on Monday, July 1, 2019, will be entitled to vote at the Annual Meeting. On this record date, there were 22,780,672 common shares outstanding and entitled to vote.

Shareholder of Record: Common Shares Registered in Your Name

If, on Monday, July 1, 2019, your common shares were registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, then you are a shareholder of record. As a shareholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

Beneficial Owner: Common Shares Registered in the Name of a Broker, Bank or Other Agent

If, on Monday, July 1, 2019, your common shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker, bank or other agent.

What am I voting on?

There are two matters scheduled for a vote:

- Election of the Board of Directors' eight nominees for director named herein to serve as directors until our 2020 Annual General Meeting of Shareholders and until their successors are duly elected.
- Ratification of the selection by the Audit Committee of the Board of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending March 31, 2020, the appointment of Ernst & Young LLP as our auditor for statutory purposes under the Bermuda Companies Act 1981, as amended, or the Companies Act, for our fiscal year ending March 31, 2020, and the authorization for the Board, through the Audit Committee, to set the remuneration for Ernst & Young LLP as our auditor for our fiscal year ending March 31, 2020.

In addition to the two matters scheduled for a vote, in accordance with the Companies Act and our By-law 78, our audited financial statements as of and for our fiscal year ended March 31, 2019, will be laid before the Annual Meeting. These financial statements were audited by Ernst & Young LLP. The Audit Committee of the Board has approved these financial statements. There is no requirement under Bermuda law that these statements be approved by shareholders and no such approval will be sought at the Annual Meeting. Copies of these proxy materials have been provided to Ernst & Young LLP, our auditor for our fiscal year ended March 31, 2019, as required by the Companies Act.

What if another matter is properly brought before the Annual Meeting?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

You may vote "For" all eight of the nominees to the Board, you may vote "Against" any nominee(s) you specify or you may abstain from voting. For the other matter to be voted on, you may vote "For" or "Against" or abstain from voting.

The procedures for voting are described below.

Shareholder of Record: Common Shares Registered in Your Name

If you are a shareholder of record, you may vote in person at the Annual Meeting, or you may vote by proxy using the enclosed proxy card. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person, even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the enclosed proxy card, complete, sign and date the enclosed proxy card and return it promptly in the accompanying postage-paid envelope. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Common Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a voting instruction form with these proxy materials from that organization rather than from Axovant. Complete and mail the voting instruction form to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet if so instructed by your broker, bank or other agent. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Will I be entitled to vote all of my shares at the Annual Meeting?

If your shares are treated as “Controlled Shares” (as described below) of any “United States Person” (as defined under section 957(c) of the Internal Revenue Code of 1986, as amended, or the Code) and such United States Person is treated as owning 9.5% or more of the voting power of all issued shares of Axovant (in the absence of the adjustments to voting rights provided in our Bye-laws and as described below) or otherwise treated as a “United States Shareholder” (as defined under section 951 of the Code) (such United States Person, other than a “9.5% Excluded U.S. Member” as defined in our Bye-laws, is referred to as a 9.5% U.S. Member), then the voting rights of your shares that are treated as Controlled Shares of such 9.5% U.S. Member will be reduced, in the aggregate with other Controlled Shares of such 9.5% U.S. Member, to the extent necessary for Controlled Shares of such 9.5% U.S. Member to constitute less than 9.5% of the voting power of all issued and outstanding shares, under a formula specified in our Bye-laws. The formula is applied repeatedly until there is no 9.5% U.S. Member.

In addition, the Board may limit a shareholder’s voting rights when it deems it appropriate to do so to (1) avoid the existence of any 9.5% U.S. Member; or (2) avoid adverse tax, legal or regulatory consequences to us, any of our subsidiaries or any direct or indirect shareholder or its affiliates. As provided in our Bye-laws, “Controlled Shares” of a United States Person refer to all shares that such United States Person is treated as owning directly, indirectly or constructively (within the meaning of section 958 of the Code). The amount of any reduction of votes that occurs by operation of the above limitations will generally be reallocated proportionately among our other shareholders whose shares are not Controlled Shares of a 9.5% U.S. Member so long as such reallocation does not cause any person to become a 9.5% U.S. Member. The applicability of the voting power reduction provisions to any particular shareholder depends on facts and circumstances that may be known only to the shareholder or related persons. Accordingly, we request that any holder of shares with reason to believe that it may be a 9.5% U.S. Member in the absence of the adjustments to voting rights provided in our Bye-laws, contact us promptly so that we may determine whether the voting power of such holder’s shares has been or should be reduced.

By submitting a proxy, a holder of shares will be deemed to have confirmed that, to its knowledge, it is not, and is not acting on behalf of, a 9.5% U.S. Member. The Board is empowered to require any shareholder to provide information as to that shareholder’s beneficial ownership of shares, the names of persons having beneficial ownership of the shareholder’s shares, relationships with other shareholders or any other facts the Board may consider relevant to the determination of the number of shares attributable to any person. The Board may disregard the votes attached to shares of any holder who fails to respond to such a request or who, in its judgment, submits incomplete or inaccurate information. The Board retains certain discretion to make such final adjustments that it considers fair and reasonable in all the circumstances as to the aggregate number of votes attaching to the shares of any shareholder to ensure that no person will be a 9.5% U.S. Member at any time.

How many votes do I have?

Except as just described, on each matter to be voted upon, you have one vote for each common share you owned as of the close of business on Monday, July 1, 2019.

What happens if I do not vote?

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record and do not vote in person at the Annual Meeting or do not complete and deliver your proxy card, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner and do not instruct your broker, bank or other agent how to vote your shares, the question of whether your broker, bank or other agent will still be able to vote your shares depends on whether, pursuant to stock exchange rules, the particular proposal is deemed a “routine” matter. Brokers, banks and other agents can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. “Non-routine” matters are matters that may substantially affect the rights or privileges of shareholders, such as mergers, shareholder proposals, elections of directors (even if not contested) and certain corporate governance proposals (even if management-supported). Accordingly, your broker, bank or other agent may not vote your shares on Proposal 1 (Election of Directors) without your instructions, but may vote your shares on Proposal 2 (Ratification of Selection of Independent Registered Public Accounting Firm), even in the absence of your instruction.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable:

- “For” the election of all eight nominees for director; and
- “For” the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm, appointment of Ernst & Young LLP as our auditor for our fiscal year ending March 31, 2020, and authorization for the Board, through the Audit Committee, to set the remuneration for Ernst & Young LLP.

If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy card in each set of proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Shareholder of Record: Shares Registered in Your Name

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may send a timely written notice that you are revoking your proxy to Axovant Gene Therapies Ltd., Attn: Corporate Secretary, at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda.
- You may attend the Annual Meeting and vote in person. Attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If your shares are held by your broker, bank or agent, you should follow the instructions provided by your broker, bank or other agent.

When are shareholder proposals and director nominations due for next year’s Annual General Meeting of Shareholders?

To be considered for inclusion in next year’s proxy materials, your proposal must be submitted in writing by March 18, 2020, to Axovant Gene Therapies Ltd., Attn: Corporate Secretary, Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. If you wish to nominate an individual for election at, or bring business other than through a shareholder proposal before, the 2020 Annual General Meeting of Shareholders, you must deliver your notice to Axovant no earlier than April 18, 2020, and no later than May 18, 2020, in accordance with our Second Amended and Restated Bye-laws, or our Bye-laws. Your notice to Axovant must also set forth the information specified in our Bye-laws. For more information, and for the detailed requirements, please refer to our Bye-laws filed as Exhibit 3.1 to our Current Report on Form 8-K (File No. 001-37418), filed with the U.S. Securities and Exchange Commission, or the SEC, on December 21, 2017.

How are votes counted?

Votes will be counted in the first instance on a show of hands. If a poll is demanded, however, in accordance with the Bye-laws, every person present at the Annual Meeting will have one vote for each common share of which such person is the holder or for which such person holds a proxy. A poll vote will be taken by ballot if so demanded in accordance with our Bye-laws. With respect to Proposal 1, votes “For” and “Against” and abstentions and broker non-votes will be separately counted. With respect to Proposal 2, votes “For” and “Against” and abstentions will be separately counted.

What are “broker non-votes”?

As discussed above, when a beneficial owner of shares held in “street name” does not give instructions to the broker, bank or other agent holding the shares as to how to vote on matters deemed to be “non-routine” (e.g., election of directors), the broker, bank or other agent cannot vote the shares. These unvoted shares are counted as “broker non-votes.”

How many votes are needed to approve each proposal?

Both proposals will be decided by the affirmative votes of a majority of the votes cast in accordance with our Bye-laws. Only votes “For” or “Against” will affect the outcome. Abstentions and broker non-votes are not considered to be votes cast and therefore will have no effect.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if two or more persons are present at the start of the Annual Meeting and represent in person or by proxy in excess of 50% of our total issued voting shares. On the record date, there were 22,780,672 common shares outstanding and entitled to vote. Therefore, the holders of 11,390,337 common shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other agent) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If, within half an hour from the time appointed for the Annual Meeting, a quorum is not present, then the meeting will stand adjourned to the same day one week later, at the same time and place or to such other day, time or place as the Corporate Secretary may determine. Unless the meeting is adjourned to a specific date, place and time announced at the Annual Meeting being adjourned, fresh notice of the date, place and time for the resumption of the adjourned meeting will be given to each shareholder entitled to attend and vote thereat in accordance with our Bye-laws.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the Annual Meeting, we intend to file a Current Report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Current Report on Form 8-K to publish the final results.

What proxy materials are available on the internet?

The proxy statement and annual report to shareholders are available at www.axovant.com/investors/proxy-materials.

PROPOSAL 1

ELECTION OF DIRECTORS

The Board presently has nine members. Each of our current members, other than Dr. Jeffs, is nominated for election at the Annual Meeting. Each director is elected to serve a one-year term, with all directors subject to annual election. Vacancies on the Board may be filled by the Board or by the shareholders in a general meeting. A director elected to fill a vacancy, including vacancies created by an increase in the number of directors, will serve for the remainder of the full term.

Messrs. Bickerstaff, Modig and Oren and Dr. Pande are each current directors who were previously elected by our shareholders. Dr. Cheruvu was appointed to the Board in September 2018 following his appointment as our Chief Executive Officer, Ms. Potter and Dr. Torti were appointed to the Board in September 2018 and initially identified as candidates by our largest shareholder, Roivant Sciences Ltd., or RSL, and Mr. Sundaram was appointed to the Board in June 2019, each upon the recommendation of the Nominating and Corporate Governance Committee. All nominees have been recommended for election at the Annual Meeting by our Nominating and Corporate Governance Committee of the Board. If elected at the Annual Meeting, each of the nominees listed below would serve until the 2020 Annual General Meeting of Shareholders and until his successor has been duly elected, or, if sooner, until the director's death, resignation or removal.

To be elected, a nominee must receive "For" votes representing a majority of the votes cast on that nominee's election. As this is an uncontested election, any nominee who receives a greater number of votes "Against" than votes "For" such election will not be elected to the Board, and the position on the Board that would have been filled by that director nominee will become vacant.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the eight nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by Axovant. Each person nominated for election has agreed to serve if elected. Axovant's management has no reason to believe that any nominee will be unable to serve.

The following table identifies the director nominees for election, as well as the position they hold at Axovant, any committee membership, and their ages as of July 1, 2019:

Name	Age	Director Since	Position	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee

Information Regarding the Board of Directors and Corporate Governance

Independence of the Board of Directors

We are a “controlled company” within the meaning of applicable listing rules of The Nasdaq Global Select Market, or Nasdaq, and, as a result, are exempt from the Nasdaq corporate governance requirements that a majority of the Board be “independent,” and that our Compensation Committee and our Nominating and Corporate Governance Committee consist solely of independent directors. Notwithstanding the fact that we may rely on these exemptions, the Board has undertaken a review of the independence of its directors. The Board consults with our counsel to ensure that the Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of the Nasdaq, as in effect from time to time.

Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his family members, and Axovant, our senior management and our independent auditors, the Board has affirmatively determined that the following five individuals are independent directors within the meaning of the applicable SEC and Nasdaq listing rules: Mr. Bickerstaff, Dr. Jeffs, Mr. Modig, Dr. Pande and Mr. Sundaram. In making this determination, the Board found that none of these directors had a material or other disqualifying relationship with us that could compromise his ability to exercise independent judgment in carrying out his responsibilities. The Board has determined that Dr. Cheruvu, by virtue of his position as our principal executive officer, Mr. Oren, by virtue of his position as a director of RSL, and Ms. Potter and Dr. Torti, by virtue of their positions with RSI, are not independent under applicable SEC and Nasdaq listing rules.

Board Leadership Structure

Dr. Torti currently serves as Chairperson of the Board. The Board believes that Dr. Torti’s role as Chairperson helps ensure that management and the Board act with common purpose and benefit from the extensive executive leadership and operational experience of Dr. Torti. The Board believes that Dr. Torti is well-positioned to act as a bridge between management and the Board, facilitating the regular flow of information. In addition, the Board believes that, under current circumstances, the separation of the offices of Chairperson and Principal Executive Officer will enhance oversight of management and Board function, allowing Dr. Cheruvu the ability to focus on his primary responsibilities as Principal Executive Officer, enhancing shareholder value and expanding and strengthening our business.

Our corporate governance guidelines provide that the Board will select its Chairperson in the manner that it determines to be in the best interests of our shareholders. The same person may hold the positions of Principal Executive Officer and Chairperson, or the Board may separate these offices. If the Chairperson is an independent director, the Board may designate the Chairperson as the lead independent director. If the Chairperson is not an independent director, the Board may designate one of the independent directors as the lead independent director. Dr. Pande was designated by the Board as our lead independent director in September 2018. The lead independent director’s duties include among other things: establishing the agenda for meetings of the independent directors and meetings of the non-management directors, as applicable; presiding over meetings of the independent directors and meetings of the non-management directors, as applicable; presiding over any portions of meetings of the Board evaluating the performance of the Board; and coordinating the activities of the other independent directors and perform such other duties the Board may establish or delegate.

At the present time, the Board believes that the current Board members, together with our management, possess the requisite leadership and industry skills, expertise and experiences to effectively oversee our business and affairs. Moreover, the Board prefers to retain the flexibility to select the appropriate leadership structure based upon the existence of various conditions, including, but not limited to, business, financial or other market conditions, affecting us at any given time. Notwithstanding the foregoing, the independent directors of the Board regularly participate in executive sessions at which only independent directors are present.

Role of the Board in Risk Oversight

One of the Board's key functions is informed oversight of our risk management process. The Board administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. The Board believes its current leadership structure, including the appointment of a lead independent director and having a majority or equal number of independent directors on each committee and the Board itself, supports the risk oversight function of the Board.

In particular, the Board is responsible for reviewing, approving and monitoring fundamental financial and business strategies and major corporate actions, assessing major risks facing us and considering ways to address those risks and overseeing the establishment and maintenance of processes and conditions to maintain our integrity. The Audit Committee of the Board has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee of the Board also monitors compliance with certain legal and regulatory requirements, including oversight of related-person transactions, complaint procedures, certain ethical compliance and regulatory and accounting initiatives, and is responsible for oversight of the performance of our internal audit function. The Compensation Committee of the Board assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking. The Nominating and Corporate Governance Committee of the Board monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct, and monitor compliance with certain regulatory requirements. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible.

The oversight responsibility of the Board and its committees is informed by reports from our management team that are designed to provide visibility to Board about the identification and assessment of key risks and our risk mitigation strategies. At periodic meetings of the Board and its committees, management reports to and seeks guidance from the Board and its committees with respect to the most significant risks that could affect our business, such as legal risks, information security and privacy risks, and financial, tax and audit related risks. In addition, among other matters, management provides the Audit Committee and Nominating and Corporate Governance Committee of the Board periodic reports on our compliance programs and investment policy and practices.

Meetings of the Board of Directors; Attendance at Annual Meeting of Shareholders

During our fiscal year ended March 31, 2019, the Board met 14 times; the Audit Committee met nine times; the Compensation Committee met eight times; and the Nominating and Corporate Governance Committee met six times. Each Board member attended 75% or more of the aggregate number of meetings of the Board and of the committees on which he or she served that were held during the portion of the last fiscal year for which he or she was a director or committee member.

As required under applicable Nasdaq listing rules, in our fiscal year ended March 31, 2019, our independent directors met in regularly scheduled executive sessions at which only independent directors were present. Dr. Pande and Mr. Modig typically presided over the executive sessions.

Our policy is that directors are invited to attend the Annual General Meetings of Shareholders. No members of the Board attended our 2018 Annual General Meeting of Shareholders.

Information Regarding Committees of the Board of Directors

The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Below is a description of each of these committees. Each committee has the authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. Copies of the written charters of such committees, are available on our website at <http://investors.axovant.com/investors/corporate-governance>.

Audit Committee

The Audit Committee of the Board was established by the Board in accordance with Section 3(a)(58)(A) of the Exchange Act to oversee our corporate accounting and financial reporting processes and audits of our financial statements. The Board reviews the Nasdaq listing standards definition of independence for Audit Committee members on an annual basis and has determined that each member of the Audit Committee satisfies the independence requirements under applicable Nasdaq listing rules and Rule 10A-3 of the Exchange Act.

The Audit Committee is composed of Mr. Bickerstaff, Mr. Modig, Dr. Pande and Mr. Sundaram. The Board has also determined that each of Mr. Bickerstaff, Mr. Modig and Mr. Sundaram qualifies as an “audit committee financial expert,” as defined in applicable SEC rules and regulations. The Board made a qualitative assessment of Mr. Bickerstaff’s level of knowledge and experience based on a number of factors, including his experience as a chief financial officer, senior financial executive and investment banker. In addition to our Audit Committee, he serves on the audit committees of two other public companies, CareDX, Inc. and Innoviva, Inc. The Board made a qualitative assessment of Mr. Modig’s level of knowledge and experience based on a number of factors, including his formal education and experience as a chief financial officer at public reporting companies. In addition to our Audit Committee, Mr. Modig also serves on the audit committees of two other public companies, Kiadis Pharma N.V. and Affimed N.V. Likewise, the Board made a qualitative assessment of Mr. Sundaram’s level of knowledge and experience based on a number of factors, including his experience as a chief financial officer and investment banker. The Board has determined that this simultaneous service of Mr. Bickerstaff and Mr. Modig does not impair their ability to effectively serve on our Audit Committee.

The principal duties and responsibilities of the Audit Committee include:

- recommending and retaining an independent registered public accounting firm to serve as our independent auditors, for purposes of the Companies Act, overseeing our independent auditors’ work and determining our independent auditors’ compensation;
- evaluating the performance of and assessing the qualifications of our independent auditors;
- approving in advance all audit services and non-audit services to be provided to us by our independent auditors;
- monitoring the rotation of partners of the independent auditors on our audit engagement team as required by law;
- assessing and taking other appropriate action to oversee the independence of our independent auditors, including reviewing written disclosures from the independent auditors delineating all relationships between the auditors, or their affiliates, and us, or persons in financial oversight roles at Axovant, that may reasonably be thought to bear on independence (at least annually, consistent with the Public Company Accounting Oversight Board, or PCAOB, Rule 3526);
- reviewing the financial statements proposed to be included in our Annual Report on Form 10-K to be filed with the SEC and recommending to the Board whether such financial statements should be so included;
- reviewing and discussing with management and our independent auditors the results of the annual audit and the independent auditor’s review of our quarterly financial statements, including, as appropriate, a review of our disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our periodic reports filed with the SEC;
- reviewing and discussing with management and our independent auditors, as appropriate, our guidelines and policies with respect to risk assessment and management, including risks related to our accounting matters, financial reporting and legal and regulatory compliance; and reviewing and discussing with management, as appropriate, insurance programs;
- conferring with management and our independent auditors, as appropriate, regarding the scope, adequacy and effectiveness of our internal control over financial reporting;

- coordinating the Board’s oversight of the performance of our internal audit function;
- reviewing and approving or rejecting transactions between us and any related persons; and
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls, auditing or compliance matters and the confidential and anonymous submission by our employees of concerns regarding questionable accounting or auditing matters.

Report of the Audit Committee of the Board of Directors*

The Audit Committee has reviewed and discussed the audited financial statements for our fiscal year ended March 31, 2019, with our management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the PCAOB. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent accountants’ communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm’s independence. Based on the foregoing, the Audit Committee has recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for our fiscal year ended March 31, 2019.

Mr. George Bickerstaff
Mr. Berndt Modig
Dr. Atul Pande

* *The material in this report is not “soliciting material,” is not deemed “filed” with the SEC and is not to be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.*

Compensation Committee

The Compensation Committee is composed of Mr. Modig, Mr. Bickerstaff, Dr. Pande and Dr. Torti. The Board has determined that Mr. Bickerstaff, Mr. Modig and Dr. Pande are “independent,” as independence is currently defined in applicable Nasdaq listing rules. Dr. Torti, by virtue of his position as Vant Investment Chair of RSI, is not independent under applicable SEC and Nasdaq listing rules. All members of the Compensation Committee other than Dr. Torti are “non-employee directors,” as defined in Rule 16b-3 under the Exchange Act.

The Compensation Committee of the Board acts on behalf of the Board to, among other things, oversee our compensation strategy, policies, plans and programs and to review and determine the compensation to be paid to our executive officers. In general, the Compensation Committee of the Board performs the same policy- and compensation-setting functions for our subsidiaries and their executive officers as it does for us, and references herein to our personnel, policies, plans and programs include those of our subsidiaries as well. The principal duties and responsibilities of the Compensation Committee include:

- reviewing, modifying and approving our overall compensation strategy and policies, including: (1) reviewing and approving corporate goals and objectives relevant to the compensation of our executive officers and other senior management, as appropriate; (2) evaluating and approving, or recommending to the Board for approval, compensation plans and programs advisable for us, including modifications and terminations to those plans and programs; (3) establishing policies with respect to equity compensation arrangements; (4) assessing the adequacy and competitiveness of our executive compensation programs among comparable companies in our industry; (5) reviewing and approving the terms of any employment agreements, severance arrangements, change-of-control protections and any other compensatory arrangement for our executive officers and other senior management, as appropriate; (6) reviewing our practices and policies of employee compensation as they relate to risk management and risk-taking incentives; (7) considering and establishing share ownership guidelines for our executive officers and directors, if deemed appropriate; and (8) evaluating the efficacy of our compensation policy and strategy in achieving expected benefits to us and otherwise furthering our policies;
- establishing and approving individual and corporate goals and objectives of our Principal Executive Officer and our other executive officers and senior management and evaluating performance of the Principal Executive Officer and our other executive officers and senior management, as appropriate, in light of these stated objectives;
- reviewing and approving the type and amount of compensation to be paid or awarded to Board members;
- selecting and retaining compensation consultants, legal counsel and other advisers; and
- adopting, amending, administering, and terminating our equity compensation plans, pension and profit sharing plans, bonus plans, deferred compensation plans and similar programs.

Compensation Committee Processes and Procedures

The Compensation Committee meets at least once annually and with greater frequency if necessary. The agenda for each meeting is usually developed by the Chairperson of the Compensation Committee, in consultation with the Principal Executive Officer and the General Counsel. The Compensation Committee meets regularly in executive session. From time to time, various members of management and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, to provide financial or other background information, to provide advice or to otherwise participate in Compensation Committee meetings. The Principal Executive Officer may not participate in, or be present during, the voting or deliberations of the Compensation Committee regarding his compensation. The charter of the Compensation Committee grants the Compensation Committee full access to all books, records, facilities and personnel of Axovant.

In addition, under the charter, the Compensation Committee has the authority to obtain, at our expense, advice and assistance from internal or external legal, accounting or other advisors and consultants that any member of the Compensation Committee deems necessary or appropriate in the discharge of his or her responsibilities. If the Compensation Committee chooses to retain or obtain the advice of a compensation consultant, independent legal counsel, or other advisor, it has the direct responsibility for the appointment, compensation and oversight of the work of such party, and we will provide for appropriate funding, as determined by the Compensation Committee, for the payment to such party. In addition, the Compensation Committee has the sole authority to retain and terminate any compensation consultant to assist in its evaluation of executive and director compensation, including the sole authority to approve the consultant's reasonable fees and other retention terms, all at our expense. Under the charter, the Compensation Committee may select a compensation consultant, legal counsel or other advisor (other than in-house legal counsel and certain other types of advisors) only after taking into consideration all factors relevant to that party's independence from management, including the six factors prescribed by the SEC and Nasdaq; however, there is no requirement that any advisor be independent.

During the past fiscal year, after taking into consideration the six factors prescribed by the SEC and Nasdaq, the Compensation Committee engaged Radford, a national compensation consulting firm, to provide executive compensation advisory services based, in part, on its reputation and extensive experience in the industry. The Compensation Committee determined that Radford was independent from management and had no conflicts of interest in connection with the advisory services to be provided. Specifically, the Compensation Committee requested that Radford develop a comparative group of companies and perform analyses of competitive performance and compensation levels for that group. Radford has also conducted interviews with members of the Compensation Committee and senior management to learn more about our business operations and strategy, key performance metrics and strategic goals, as well as the labor markets in which we compete. Radford ultimately developed recommendations that were presented to the Compensation Committee for its consideration. Following an active dialogue with Radford, the Compensation Committee approved the recommendations.

The Compensation Committee generally makes adjustments to annual compensation, determines bonuses and equity awards and establishes new performance objectives at one or more meetings held during the first quarter of the year. However, the Compensation Committee also considers matters related to individual compensation, such as compensation for new executive hires, as well as high-level strategic issues, such as the efficacy of our compensation strategy, potential modifications to that strategy and new trends, plans or approaches to compensation, at various meetings throughout the year.

Generally, the Compensation Committee's process comprises two related elements: the determination of compensation levels and the establishment of performance objectives for the current year. For executives other than the Principal Executive Officer, the Compensation Committee solicits and considers evaluations and recommendations submitted to the Compensation Committee by the Principal Executive Officer. The evaluation of the performance of the Principal Executive Officer is conducted by the Compensation Committee, which determines any adjustments to his compensation as well as awards to be granted. For all executives and directors, the Compensation Committee may review and consider, as appropriate, materials such as financial reports and projections, operational data, tax and accounting information, tally sheets that set forth the total compensation that may become payable to executives in various hypothetical scenarios, executive and director share ownership information, company share performance data, analyses of historical executive compensation levels and current company-wide compensation levels and recommendations of the Compensation Committee's compensation consultant, including analyses of executive and director compensation paid at other companies identified by the consultant.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is composed of Dr. Pande, Mr. Oren and Ms. Potter. The Board has determined that Dr. Pande is “independent,” as independence is currently defined in applicable Nasdaq listing rules, and Mr. Oren, by virtue of his position as a director of RSL, and Ms. Potter, by virtue of her position as Vant Operating Chair of RSI, are not independent under applicable SEC and Nasdaq listing rules. The principal duties and responsibilities of the Nominating and Corporate Governance Committee include:

- identifying, reviewing and evaluating candidates to serve as directors, consistent with criteria approved by the Board;
- reviewing, evaluating and considering the recommendation for nomination of incumbent directors for re-election to the Board;
- reviewing, discussing and assessing the performance of the Board, including Board committees, such assessment to include evaluation of the Board’s contribution as a whole and effectiveness in serving the best interests of Axovant and its shareholders, specific areas in which the Board and/or management believe contributions could be improved, overall Board composition and makeup, including the reelection of current Board members, and the independence of directors;
- overseeing the Board’s committee structure and operations, evaluating the performance of the members of the committees of the Board, reviewing the composition of such committees, and recommending to the Board the membership of each such committee;
- reviewing, discussing and assessing our corporate governance principles;
- reviewing our policy statements to determine adherence to our Code of Business Ethics and Conduct; and
- overseeing and reviewing the processes and procedures we use to provide accurate, relevant and appropriately detailed information to the Board and its committees on a timely basis.

The Nominating and Corporate Governance Committee believes that candidates for director should have certain minimum qualifications, including the ability to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Nominating and Corporate Governance Committee also intends to consider such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to the affairs of Axovant, demonstrated excellence in his or her field, having the ability to exercise sound business judgment, diversity and having the commitment to rigorously represent the long-term interests of our shareholders. However, the Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of the Board, our operating requirements and the long-term interests of our shareholders. In conducting this assessment, the Nominating and Corporate Governance Committee typically considers diversity, age, skills and such other factors as it deems appropriate, given the current needs of the Board and Axovant, to maintain a balance of knowledge, experience and capability.

In the case of incumbent directors whose terms of office are set to expire, the Nominating and Corporate Governance Committee reviews these directors’ overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the directors’ independence. The Nominating and Corporate Governance Committee also takes into account the results of the Board’s self-evaluation, conducted annually on a group and individual basis.

In the case of new director candidates, the Nominating and Corporate Governance Committee also determines whether the nominee is independent for Nasdaq purposes, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Nominating and Corporate Governance Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Nominating and Corporate Governance Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the Board. The Nominating and Corporate Governance Committee meets to discuss and consider the candidates' qualifications and then selects a nominee for recommendation to the Board by majority vote.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a shareholder. Shareholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board may do so by delivering a written recommendation to the Nominating and Corporate Governance Committee at the following address: Axovant Gene Therapies Ltd., Attn: Corporate Secretary, at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda, at least 90 days, but not more than 120 days, prior to the anniversary date of the mailing of our proxy statement for the last Annual General Meeting of Shareholders. Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating shareholder is a beneficial or record holder of our common shares and has been a holder for at least one year. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.

Shareholder Communications with the Board of Directors

The Board has adopted a formal process by which shareholders may communicate with the Board or any of its directors. Shareholders who wish to communicate with the Board or an individual director may do so by sending written communications to the Board or such director at Axovant Gene Therapies Ltd., Attn: Corporate Secretary, at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. The Corporate Secretary will forward each communication to the Legal Department of Axovant Gene Therapies Ltd., and the communication will be further forwarded to the Board or individual directors to whom the communication is addressed unless the communication contains advertisements or solicitations or is unduly hostile, threatening or similarly inappropriate, in which case the communication will be discarded.

In addition to shareholder communications with directors, any interested person may communicate directly with the presiding director of the Board's executive sessions or the independent or non-management directors as a group. Persons interested in communicating directly with the independent or non-management directors regarding their concerns or issues may do so by addressing correspondence to a particular director, or to the independent or non-management directors generally, in care of Axovant Gene Therapies Ltd., Attn: Corporate Secretary, at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. If no particular director is named, letters will be forwarded, depending upon the subject matter, to the Chairperson of the Audit, Compensation, or Nominating and Corporate Governance Committee.

Code of Business Ethics and Conduct

The Board has adopted a Code of Business Ethics and Conduct, or Code of Conduct, that applies to all of our directors, officers, employees, consultants and independent contractors. The Code of Conduct is available on our website at <http://investors.axovant.com/investors/corporate-governance>. If we make any substantive amendments to the Code of Conduct or grant any waiver from a provision of the Code of Conduct to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website or otherwise as required by applicable law and Nasdaq listing requirements.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines to establish the authority and practices to review and evaluate our business operations as needed and to make decisions that are independent of our management. The guidelines are also intended to align the interests of directors and management with those of our shareholders. The Corporate Governance Guidelines set forth the practices that the Board intends to follow with respect to a number of areas, including its composition and selection, role, meetings, committees, access to management and use of outside advisors, Principal Executive Officer evaluation and succession planning, and Board assessment and compensation. The Corporate Governance Guidelines may be viewed at <http://investors.axovant.com/investors/corporate-governance>.

Certain Beneficial Owners and Management**

The following table sets forth certain information regarding the ownership of our common shares as of June 30, 2019, by:

- all those known by us to be beneficial owners of more than five percent of our common shares;
- each of the executive officers named in the Summary Compensation Table;
- each of our directors; and

Unless otherwise indicated in the footnotes to this table and subject to community property laws where applicable, we believe that each of the shareholders named in this table has sole voting and dispositive power with respect to the shares indicated as beneficially owned. We have deemed common shares subject to options that are currently exercisable or exercisable within 60 days of June 30, 2019, to be outstanding and to be beneficially owned by the person holding the option for the purpose of computing the percentage ownership of that person but have not treated them as outstanding for the purpose of computing the percentage ownership of any other person.

Applicable percentages are based on 22,780,672 shares outstanding on June 30, 2019, adjusted as required by rules promulgated by the SEC. Except as set forth below, the principal business address of each such person or entity is c/o Axovant Gene Therapies Ltd., Suite 1, 3rd Floor, 11-12 St. James's Square, London, SW1Y 4LB, United Kingdom. To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during our fiscal year ended March 31, 2019, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with.

For the fiscal year ended March 31, 2019, the amounts in this column include incremental fair value of \$84,200 and \$512,076 related to the accelerated vesting and modified exercise term, respectively, of certain options pursuant to Mr. Altmeyer's separation agreement.

Narrative to Summary Compensation Table

We review compensation annually for all employees, including our named executive officers. In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the historical compensation levels of our executives, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long-term results that are in the best interests of our stockholders and a long-term commitment to Axovant. We do not target a specific competitive position or a specific mix of compensation among base salary, bonus or long-term incentives.

The Compensation Committee of the Board has historically determined compensation for our named executive officers. The Compensation Committee typically reviews and discusses management's proposed compensation with the Principal Executive Officer for all named executive officers other than the Principal Executive Officer. Based on those discussions and its discretion, the Compensation Committee then recommends the compensation for each named executive officer. The Compensation Committee, without members of management present, discusses and ultimately approves the compensation of our named executive officers. For our fiscal years ended March 31, 2019 and 2018, the Compensation Committee retained Radford, a compensation consulting firm, to evaluate and make recommendations with respect to our executive compensation program.

Annual Cash Bonus

We seek to motivate and reward our executives for achievements relative to our corporate goals and expectations for each fiscal year. For the fiscal year ending March 31, 2020, the target cash bonus for Dr. Cheruvu is 60% of his base salary, subject to the achievement of overall company performance criteria, and the target cash bonus for each of Mr. Bazley and Mr. Corcoran is 50% of their base salaries, subject to the achievement of individual performance criteria to be determined by the Board or the Compensation Committee, as well as overall company performance criteria.

For the year ended March 31, 2018, none of Dr. Cheruvu, Mr. Bazley or Dr. Corcoran received an annual cash bonus. Mr. Altmeyer received a discretionary retention bonus at 100% of his target bonus for his services to us, despite our failure to achieve the corporate goals set for the fiscal year ended March 31, 2018. For the year ended March 31, 2019, bonuses were awarded based on our achievement of specified corporate goals, including creating value with our gene therapy pipeline and small molecule portfolio and finance goals, as well as individual goals for the named executive officer. Dr. Cheruvu's bonus was weighted 100% based on the achievement of corporate goals. For each other executive officer, the bonuses were weighted 75% based on the achievement of the corporate goals and 25% based on the achievement of individual objectives established for each officer. In April 2019, the Compensation Committee awarded each executive officer a target bonus for the year ended March 31, 2019, based on each executive officer's achievement of corporate goals at the 85% level and individual goals at levels ranging from 100% to 125%, and prorated for partial years of employment, as applicable.

Outstanding Equity Awards as of March 31, 2019

The following table shows certain information regarding outstanding equity awards held by our named executive officers as of March 31, 2019, as adjusted to reflect the 1-for-8 reverse share split effected in May 2019. All option awards were granted under our 2015 Equity Incentive Plan.

(1) Because all Axovant options granted to the named executive officers are exercisable immediately subject to a repurchase right in our favor which lapses as the option vests, this column reflects the number of options held by the named executive officers that were exercisable and vested as of March 31, 2019.

(2) Because options granted to the named executive officers are exercisable immediately subject to a repurchase right in our favor which lapses as the option vests, this column reflects the number of options held by the named executive officers that were exercisable and unvested as of March 31, 2019.

(3) Except as otherwise noted, each of these options vests as to 25% of the underlying common shares one year from the date of grant, with the remaining common shares vesting in 12 equal quarterly installments thereafter, provided the named executive officer has provided continuous service to us through each such date. All common shares underlying each of these options will become fully vested upon a change in control, as that term is defined in our 2015 Equity Incentive Plan.

(4) Excludes RSL restricted stock units, or RSUs, RSL options and RSL awards. These awards were granted by RSL to Dr. Cheruvu while he was providing services to RSL and prior to his commencement of employment as our Principal Executive Officer. The aggregate fair value of RSL RSUs, RSL options and RSL awards was \$14.5 million, including the fair value of RSL RSUs of \$11.6 million, at March 31, 2019. The vesting of the RSL RSUs is deemed not probable as of March 31, 2019. These RSUs will vest only to the extent certain RSL performance criteria are achieved and certain RSL liquidity conditions are satisfied within specified years of the grant date, provided that Dr. Cheruvu has provided continued service to RSL or a subsidiary of RSL, such as Axovant, through such date. The RSL options and RSL awards are subject to specified vesting schedules and requirements (a mix of time-based and RSL performance-based events), provided that Dr. Cheruvu has provided continuous service to RSL or a subsidiary of RSL, such as Axovant, through such date. Significant judgment and estimates were used to estimate the fair value of these RSL RSUs, RSL options and RSL awards, as they are not publicly traded. The fair value was estimated based on various corporate event-based considerations, including certain thresholds for RSL's future financing and liquidity events as defined in the RSL agreements and Monte Carlo simulation.

(5) One-third of the option will vest at such time as the Company's stock price is equal to or greater than \$54.72 per share, one-third will vest at such time as the Company's stock price is equal to or greater than \$91.20 per share, and one-third of the option will vest at such time as the Company's stock price is equal to or greater than \$127.68 per share, provided the named executive officer has provided continuous service to us through each such date.

- (6) One-third of the option will vest at such time as the Company's stock price is equal to or greater than \$59.04 per share, one-third will vest at such time as the Company's stock price is equal to or greater than \$98.40 per share, and one-third of the option will vest at such time as the Company's stock price is equal to or greater than \$137.76 per share, provided the named executive officer has provided continuous service to us through each such date.
- (7) Mr. Altmeyer resigned in February 2019.

Employment, Severance and Change in Control Arrangements

The employment agreement or offer letter for each of our named executive officers sets forth the initial terms and conditions of his employment. These agreements provide for at-will employment and set forth the officer's annual base salary, performance bonus target opportunity, initial equity incentive grant, terms of severance and eligibility for employee benefits. Each of them provided services to us pursuant to one or more inter-company services agreements between ASL and its wholly owned subsidiaries. For the purposes of this discussion, references to "we," "us" and "our" will be deemed to refer to Axovant Gene Therapies Ltd. or Axovant Sciences, Inc., as the context requires.

Pavan Cheruvu, M.D., Mathew Bazley and Gavin Corcoran, M.D.

Dr. Cheruvu has served as our Principal Executive Officer and Chief Executive Officer of Axovant Sciences, Inc. since February 2018. Mr. Bazley has served as our General Counsel since October 2018. Dr. Corcoran has served as Chief R&D Officer of Axovant Sciences, Inc. since July 2018.

Under each of Dr. Cheruvu's, Mr. Bazley's and Dr. Corcoran's employment agreement, such executive officer is eligible for the following severance and change in control benefits, conditioned upon delivering a release of claims in our favor:

- If we terminate the officer's employment without cause or the officer resigns for good reason, then we will pay to the officer a one-time cash payment equal to the sum of his annual base salary and annual bonus target opportunity. We will also reimburse the officer for continued medical coverage for one year if he timely elects such continued coverage. For Dr. Cheruvu, if he is subjected to excise tax pursuant to Sections 280G and 4999 of the Internal Revenue Code, he will either have his payments cut back so that the excise tax does not apply, or he will receive the full payments and benefits and be subject to the excise tax, whichever puts him in a better after-tax position.
- If the officer is employed by us immediately prior to a change in control, then all remaining common shares underlying the officer's outstanding options will vest.
- In the case of Dr. Corcoran and Mr. Bazley, if such officer is employed by us immediately prior to a change in control and, within one year after the change in control, the officer's employment is terminated without cause or the officer resigns for good reason, then he will receive a one-time cash payment equal to 1.5 times the sum of (i) his current annual base salary and (ii) his annual bonus target opportunity. We will also pay the officer a pro-rated portion of the officer's full annual bonus based on the number of days that have elapsed in such year through the date of the change in control and reimburse the officer for continued medical coverage for 18 months if he timely elects such continued coverage.

The definitions of "cause," "good reason" and "change in control" are set forth in the individual employment agreements.

We consider the severance and change in control benefits described above to be critical to attracting and retaining high caliber executives. We believe that appropriately structured severance and change in control benefits, including accelerated vesting provisions, minimize the distractions and reduce the risk that an executive voluntarily terminates his employment with us during times of uncertainty, such as before an acquisition is completed. We believe that our existing arrangements allow each named executive officer to focus on continuing normal business operations and, in the event of a change in control, on the success of a potential business combination, rather than on how business decisions that may be in the best interest of our shareholders will impact his own financial security.

Mark Altmeyer

Mr. Altmeyer served as President and Chief Commercial Officer of Axovant Sciences GmbH since October 2016 and resigned as of February 2019. In connection with Mr. Altmeyer's resignation, we entered into a separation agreement under which Mr. Altmeyer agreed to a general release of claims. In exchange for this release and Mr. Altmeyer's other obligations under the separation agreement, Mr. Altmeyer received his prorated target annual performance bonus for fiscal year 2018, equal to \$169,531. Mr. Altmeyer's time-based vesting options vested in equal quarterly installments in accordance with the applicable option agreement through February 15, 2019. In addition, for time-based vesting options that completed part of a vesting period as of January 31, 2019, a pro rata portion of such option that would have vested on the next vesting date vested on an accelerated basis, based on the completed portion of the vesting period through January 31, 2019. Mr. Altmeyer's performance-based stock options vested based on achievement of the performance criteria set forth in the applicable option agreements at or prior to February 15, 2019. Mr. Altmeyer will have until February 15, 2020 to exercise his vested stock options.

Director Compensation

Non-Employee Director Compensation Policy

Non-employee directors are compensated for service on the Board and its committees through a combination of cash retainers and equity grants. We also reimburse directors for expenses incurred in serving as a director. Directors who are also employed by us are not separately compensated for their service on the Board. Additionally, Mr. Oren does not receive a cash retainer or equity grants.

For our fiscal year ended March 31, 2019, each non-employee director (other than Mr. Oren) was paid quarterly in arrears the following annual amounts:

- Board retainer of \$40,000
- Audit Committee retainer of \$9,000 (\$20,000 for the Chairperson)
- Compensation Committee retainer of \$6,000 (\$12,000 for the Chairperson)
- Nominating and Corporate Governance Committee retainer of \$5,000 (\$8,000 for the Chairperson)

The chairman of the Board receives an annual retainer of \$30,000, and the lead independent director receives an annual retainer of \$20,000. For the fiscal year ending March 31, 2020, we anticipate that each new non-employee director will receive an initial option grant to purchase 18,750 common shares. In addition, on an annual basis, typically in April, each continuing non-employee director will receive an additional option grant. Option grants have an exercise price equal to the closing price of our common stock on the Nasdaq on the grant date. Initial grants vest in three equal annual installments, and annual grants vest in full on the first anniversary of the grant date, in each case subject to the non-employee director's continuous service through the vesting date. Option grants to non-employee directors expire on the ten-year anniversary of the grant date. In April 2019, the Compensation Committee adopted a policy that all directors serving as of an annual grant date shall be eligible for equity awards regardless of the date of their appointment to the Board.

Transactions With Related Persons

Related-Person Transactions Policy and Procedures

We have adopted a written Related-Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration and approval or ratification of “related-person transactions.” For purposes of our policy only, a “related-person transaction” is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any “related person” are participants involving an amount that exceeds \$120,000. Transactions involving compensation for services provided to us as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person is any executive officer, director, or more than 5% shareholder of Axovant, including any of their immediate family members, and any entity owned or controlled by such persons.

Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to the Audit Committee (or, where Audit Committee approval would be inappropriate, to another independent body of the Board) for consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to us of the transaction and whether any alternative transactions were available. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant shareholders. In considering related-person transactions, the Audit Committee takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

The policy requires that, in determining whether to approve, ratify or reject a related-person transaction, the Audit Committee considers, in light of known circumstances, whether the transaction is in, or is not inconsistent with, the best interests of Axovant and its shareholders, as the Audit Committee determines in the good faith exercise of its discretion.

Related-Person Transactions

The following is a description of transactions since April 1, 2017, or any currently proposed transaction, in which we were or are to be a participant and the amount involved exceeded or will exceed \$120,000, and in which any of our directors, executive officers or holders of more than 5% of our share capital, or any members of their immediate family, had or will have a direct or indirect material interest.

RSL Private Placement

In July 2018, we issued and sold 1,785,714 common shares at a purchase price of \$14.00 per common share to RSL, which was the closing price per share of our common shares as reported on The Nasdaq Global Select Market on June 5, 2018, the date of the securities purchase agreement (in each case adjusted for our 1-for-8 reverse share split in May 2019).

Information Sharing and Cooperation Agreement

In June 2018, we entered into an amended and restated information sharing and cooperation agreement with RSL, or the Cooperation Agreement, which became effective concurrently with the closing of the private placement to RSL in July 2018. The Cooperation Agreement, among other things:

- obligates us to deliver to RSL periodic financial statements and other information upon reasonable request and to comply with other specified financial reporting requirements;
- requires us to supply certain material information to RSL to assist it in preparing any future SEC filings; and
- requires us to implement and observe certain policies and procedures related to applicable laws and regulations.

We have agreed to indemnify RSL and its affiliates and their respective officers, employees and directors against all losses arising out of, due to or in connection with RSL's status as a shareholder under the Cooperation Agreement and the operations of or services provided by RSL or its affiliates or their respective officers, employees or directors to us or any of our subsidiaries, subject to certain limitations set forth in the Cooperation Agreement.

Subject to specified exceptions, the Cooperation Agreement will terminate at such time as RSL is no longer required (a) under Generally Accepted Accounting Principles in the United States, or U.S. GAAP, to consolidate our results of operations and financial position, (b) under U.S. GAAP to account for its investment in us under the equity method of accounting, or (c) otherwise to include our separate financial statements in its filings with the SEC pursuant to any SEC rule. In addition, the Cooperation Agreement may be terminated upon mutual written consent of the parties or upon written notice from RSL to us in the event of our bankruptcy, liquidation, dissolution or winding-up.

Affiliate Services Agreements

We have entered into services agreements with each of RSI and Roivant Sciences GmbH, or RSG, each a wholly owned subsidiary of our controlling shareholder RSL, each as further described below. Pursuant to these services agreements, during our fiscal years ended March 31, 2019 and 2018, we incurred expenses of \$5.1 million and \$8.5 million, respectively, inclusive of the mark-up under these agreements.

In October 2014, we and our wholly owned subsidiary, Axovant Sciences, Inc., or ASI, entered into a services agreement with RSI, pursuant to which RSI provides us with services in relation to the identification of potential product candidates and project management of clinical trials, as well as other services related to our development, administrative and financial functions. In February 2017, in connection with the contribution and assignment of all of our intellectual property rights to Axovant Sciences GmbH, or ASG, we amended and restated this services agreement effective as of December 13, 2016, as a result of which ASG was added as a recipient of services from RSI. In addition, ASG also entered into a separate services agreement with RSG effective as of December 13, 2016, for the provision of services by RSG to ASG in relation to the identification of potential product candidates and project management of clinical trials, as well as other services related to development, administrative and financial activities. Both services agreements were further amended and restated in June 2019.

Under the terms of both services agreements, we are obligated to pay or reimburse RSI and RSG for the costs they, or third parties acting on their behalf, incur in providing services to us or ASG, including administrative and support services as well as research and development services. In addition, we are obligated to pay RSI and RSG for their services at a predetermined mark-up on the costs incurred directly by RSI and RSG in connection with any general and administrative and research and development services provided directly by RSI and RSG. Under the services agreements, RSI and RSG, respectively, as service providers, have agreed to indemnify us and each of our officers, employees and directors against all losses arising out of, due to or in connection with the provision of services (or the failure to provide services) under the applicable services agreement, subject to certain limitations set forth in the applicable services agreement. In addition, we have agreed to indemnify RSI and RSG, respectively, and their respective affiliates and officers, employees and directors against all losses arising out of, due to or in connection with the receipt of services under the applicable services agreement, subject to certain limitations set forth in the applicable services agreement. Such indemnification obligations will not exceed the payments made by us under the applicable services agreement for the specific service that allegedly caused or was related to the losses during the period in which such alleged losses were incurred. The term of each of the services agreements will continue until terminated upon 90 days' written notice by any party with respect to the services such party provides or receives thereunder.

Family Relationships

Geetha Ramaswamy, M.D., the former Vice President of Medical and Scientific Strategy of Axovant Sciences, Inc. and an employee of Roivant Sciences, Inc., is the mother of Vivek Ramaswamy, the former Chairman of our Board of Directors and former Chief Executive Officer of Axovant Sciences, Inc. During our fiscal year ended March 31, 2018, Geetha Ramaswamy earned total cash compensation, consisting of salary and bonus, of \$133,900 and was granted a stock option with a grant date fair value, as computed in accordance with FASB ASC 718, of \$87,868. There was no cash compensation earned by, or stock options granted to, Geetha Ramaswamy for our fiscal year ended March 31, 2019.

Shankar Ramaswamy, M.D., the Chief Business Officer of Axovant Sciences, Inc. and a former employee of Roivant Sciences, Inc., is the brother of Vivek Ramaswamy. During our fiscal year ended March 31, 2018, Shankar Ramaswamy earned total cash compensation, consisting of salary and bonus, of \$401,700 and was granted stock options with an aggregate grant date fair value, as computed in accordance with FASB ASC 718, of \$1,209,627. During our fiscal year ended March 31, 2019, Shankar Ramaswamy earned total cash compensation, consisting of salary and bonus, of \$442,500.

Indemnification Agreements

We have entered into indemnity agreements with our officers and directors which provide, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as a director, officer or other agent of ours. The contractual rights to indemnification and expense advancement are, in some cases, broader than the specific indemnification provisions contained under Bermuda law.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more shareholders sharing the same address by delivering a single set of Annual Meeting materials addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are Axovant shareholders will be “householding” our proxy materials. A single set of Annual Meeting materials will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of Annual Meeting materials, please notify your broker or Axovant. Direct your written request to Axovant Gene Therapies Ltd., Attn: Corporate Secretary, at Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda. Shareholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers.

Other Matters

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.
